NEW HIGH SCHOOL MAY BE BUILT IF CITY WILL HELP

School Board Desires Kentucky Avenue Side of Library Lot.

Would Make Excellent Site For Building.

PRESENT ROOMS TOO CROWDED

Congestion in the public schools will be relieved next year by the erection of a separate high school building, with a little assistance of the city, if the plans of the school trustees can be carried out. At present the schools have a floating debt of about \$5,000 and it is hoped to wipe this out during the year, as last year the debt was reduced \$6,000.

It is proposed to build the new high school on the rear of the lot occupied by the public library. The city owns the lot from Broadway to Kentucky avenue and there is plenty of room on the Kentucky avenue side of the lot for a handsome high school building. The site would not cost anything, while the building would be located in the heart of the city, reached easily from any section. The library is located conveniently so that it would be of greater service to the schools. Besides the school would do much to raise the value of property on Kentucky avenue and better conditions.

The present high school building would be given over to the grades, and the congestion at the building relieved as well as at all of the other buildings. At present the high school as it has been outgrown by the city. The benefits of a separate high school building would be many.

New Heating Plant.

In order that the congestion may be relieved the city will be asked to install a heating plant in the Franklin school. Stoves are used at present, but the system is antiquated, besides being expensive, and the best results in heating are not obtained. The cost will not be excessive, but the school money will have to be used economically this year in order to pay off the floating debt and prepare for the erection of a new high school. It is believed that the plan will take with the people, and the city may assist the board in helping the board better the schools.

New buildings are needed now, and it has been proposed to build a school in the outskirts, but by building a new high school and giving it over for the benefit of the grades a building further out would be necessary for some time.

Judge J. C. Speight.

Hon. J. C. Speight, of Mayfield, is on the bench at Wickliffe as circuit judge. Circuit Judge R. J. Bugg is ill and as he was unable to preside, Mr. Speight was selected to hold the court.

WILL INSTRUCT PATRONS. IN USE OF GAS STOVES.

In order to instruct the patrons as to the proper use of gas stoves, Miss L. E. Parton arrived last night and will make a visit to the home of every user of gas in the city. Miss Parton is familiar with every detail of the construction of a gas stove, and teaches the consumer how to obtain the best results from cooking with gas. She was brought to Paducah by the Paducah Gas company, and will remain until the city has been covered.

ARTHUR RITCHIE DIES AT HOME ON MILL STREET.

Mr. Arthur Ritchie, 66 years old, died at 11:25 o'clock this morning at his home on Mill street in Mechanicsburg. He was a native of this state and by trade was a gasoline boat builder. The cause of his death was uremia from which he had been suffering for seven days. He leaves a wife and two sons, all of this city. The funeral will be held tomorrow morning and burial at Oak Grove cemetery.

John McCune, Jr., the seven days old infant of Mr. and Mrs. John McCune, of 1105 Clay street, died this morning of pneumonia. The funeral was held this afternoon at 3 o'clock and burial at Oak Grove cemetery.

Chief Forester Pinchot Says He Has No Comment to Make at Present on Removal by Taft

Reasons For President's Action Are Set Forth in Letter, After Meeting of Cabinet.

Washington, Jan. 8.—"I have nothing to say yet," was the only statement Forester Pinchot would make today when asked to discuss his removal. He received numerous telegrams of regret over his removal, and of congratulations on the stand he has taken. Many employees of the forest service lined up to greet him on his arrival at the office. The possibility was suggested that Pinchot may assume the role of prosecutor before the congressional investigation. It is expected he will introduce testimony to back up the statement in his letter to Dilliver that President Taft was mistaken in his conclusions regarding the Glavis charges. George P. McCabe, solicitor for the department of agriculture, is in charge of the forest service, pending the arrival of A. F. Potter, acting forester.

Insurgents Win Point.
Washington, Jan. 8.—Supported by the Democrats, the house insurgents succeeded in having the Balfinger-Pinchot resolution of inquiry so amended as to require that the appointment of the investigating committee shall be made by the house, and not by the speaker. The vote was 149 to 146.

The Fitzgerald amendment eliminating the forestry service from the proposed investigation was lost by a vote of 65 to 26. Mr. Fitzgerald's amendment was based on the contention that the inclusion of the forestry bureau in the inquiry is unnecessary, because there were no charges against the ad of that bureau.

An agreement to limit debate to three hours, with the privilege of offering amendments, was reached, and the discussion immediately opened.

Pinchot Removed.

Washington, Jan. 8.—Gifford Pinchot was last night removed from his office as forester by President Taft. To do this the president gave out a copy of a letter he has written to Mr. Pinchot, in which he says in conclusion:

"By your conduct you have destroyed your usefulness as a helpful subordinate of the government and it therefore now becomes my duty to direct the secretary of agriculture to remove you from your office as forester."

It developed at the cabinet meeting that Pinchot wrote the famous letter to Senator Dilliver at his own volition and against the direct advice of his superior, the secretary of agriculture.

It also appeared that Pinchot induced Senator Dilliver in advance to have the letter read at the same time the president's message exonerating Secretary Balfinger, through a report of the attorney-general, should be presented.

Wilson Advised Against It.

President Taft's letter to Forester Pinchot, informing him of his dismissal, follows:

"The White House, Washington, D. C., Jan. 7, 1910.

"Sir—The secretary of agriculture informs me that on the 28th of De-

cember your associate forester, Mr. Price, went to him and proposed to resign, on the ground that he had been engaged with Mr. Shaw, assistant law officer, in investigating the publication in various newspapers and magazines attacking the good name of Secretary Balfinger and charging the interior department and the land office with corruption.

"The secretary thereupon wrote a note to you, under date of December 29, asking for your recommendation in the premises. You did not answer, but on January 4 you had a conversation with him, in which you said you wished to make a statement which should be read in the senate at the same time that my message transmitting the record in the Glavis case reached there, and that you thought you could induce Senator Dilliver to introduce the statement for you.

"The secretary advised against such a course, but asked you for a recommendation as to accepting Price's resignation, in order that he might bring the matter to me, to whom, he told you, it must ultimately come, because I had considered the Glavis charges and had passed upon them.

Gravamen of Glavis Charges.

"Without further conference with the secretary, and before making a report to him, you succeeded in making public, by having it read in the senate, a letter from you stating that you had sufficiently disciplined

BUSINESS THIS WEEK EXCELLENT

COUNTER BUSINESS AT BANKS ABOVE AVERAGE—CUT SALES BEGIN.

Bank clearings this week were \$786,348.

Notwithstanding the inclemency of the weather the past week, it has been an active one in business circles. Counter business with the banks has been above the average.

The clothing stores and dry goods establishments inaugurated their usual semi-annual clearance sales and they were well timed.

Wholesalers report a little dullness, due to the weather conditions, and manufacturers are quite busy with good bookings for future business.

The coal dealers have had a busy week and the mines report more orders than they can get out, with the present car shortage.

Alderman Hannan is For the City's Interest

President Ed Hannan, of the board of aldermen, apparently does not agree with the News-Democrat's statement that "Alderman Parley has succeeded in tearing down the splendid harmony that has existed between Mayor Smith and the Democratic councilmen. From now on the administration and the council will be at loggerheads." Speaking of President Hannan's re-election, the News-Democrat said it means "tying the hands of Mayor Smith for one year, at least, and probably two."

When interviewed this morning by a reporter for the Evening Sun, President Hannan said:

"I am interested in the welfare of the city, just the same as any other citizen, and I would be a fool, if I allowed politics to stand in the way of the city's interests. I have always co-operated in what I thought was best for the city's interests, and I shall continue to do so. Politics ceases where the public welfare is concerned.

"The organization of the board is a different matter. There I stand with my party. If the Republican members report three Republicans on their committees, I will appoint three Democrats on mine. If they put on two Republicans and one Democrat, I will put two Democrats

and one Republican on each committee. It is up to the Republicans.

"But, recurring to the public business, you may say that I positively decline to mix the public business and politics."

M. W. SELF DIES AND IS TO BE BURIED AT MURRAY

Mr. M. W. Self, 28 years old, a widower, living on the Pool road in Little's addition, died last night at 9:30 o'clock after a lingering illness of consumption. He is survived by his parents, Mr. and Mrs. H. B. Self, and a brother living at Mayfield. The body will be sent to Murray, his birthplace, tomorrow morning, where the funeral and burial will be held.

COAL SHORTAGE WILL CONTINUE ALL NEXT WEEK

Local Supply Has Been Sold Out by the Retail Dealers.

Mines Cannot Keep up With the Demand.

EFFECT ON THE FACTORIES

Paducah is face to face with a coal famine. This condition will last for a week according to the retail coal dealers, who say they will not be able to get further shipments before that time. With the famine the price is expected to advance also.

All over the country there is a coal shortage, and the mines have been unable to supply the demand, while the railroads have been unable to move the loaded cars because of the blocked traffic. The snow has stopped work at many mines. Practically every dealer in city is out of coal, and is unable to get in enough coal to supply the demands. One dealer this morning said: "We have several cars on our tracks now, but the coal is all sold, and we are delivering it as fast as possible. Since yesterday afternoon we have refused several hundred orders simply because we could not fill them. I believe that it will be at least a week before another supply of coal adequate to the needs will be received by the dealers."

Coal is retailing in the city for 10 and 11 cents a bushel now, and the dealers unhesitatingly say that the price will be boosted in Paducah. They say the coal is being sold to dealers in other cities because higher prices are paid.

Chicago Coal Supply.

Chicago, Jan. 8.—Despite efforts of railroads to rush the coal supply of Chicago, the situation today is grave. Thousands have been thrown out of work because the factories are forced to suspend. Supplies for heating residences are short, and dealers are down to the last of the stock. Unless traffic conditions are soon improved, there will be genuine suffering over the whole city. In the poorer districts now the suffering is intense. Charitable organizations have doubled the force they are working.

Will Not Affect Schools.

The shortage will not affect the schools, as the Gardner Coal company, which has the contract, has received several cars of coal for the schools, and it will be distributed at the buildings. Neither will the Paducah Traction company, unless the shortage holds for considerable time. Mr. H. B. Sewall today said that the company had a good supply on hand, and had received news that a shipment was making good progress down the Ohio river. If the weather moderates during the next few days the gorges will break and heavy shipments will be brought down the river from Pittsburgh.

Many of the factories are running with short forces during the cold weather, and do not require as much coal as in good weather. However, the majority of people are optimistic, and believe that the weather conditions will moderate so that the coal shortage may be relieved.

Enjoyer Themselves.

Bozeman, Mont., Jan. 8.—The west-bound Northern Pacific trains stalled in a blizzard four days, began going this morning. Eight passed and five more are due this afternoon. Though the experience was trying, the passengers suffered no hardships. Eggs, butter, milk, and poultry of neighborhood farmers helped the dining cars. Travelers on various trains exchanged visits. Last night those on one train gave a vaudeville, inviting the passengers of other trains, many of the latter taking part in the performance.

Premier Asquith Overshadowed by Figure of Lloyd-George, Author of the Now Famous British Budget

Times Accuses Latter of Deliberately Inflaming Minds of People—One of the Peers Kidnaped.

London, Jan. 8.—Public oblation of Premier Asquith as the result of antagonisms aroused by the present election campaign, is being predicted by almost as many Liberals of which party Asquith is the head, as Conservatives. The opinion is growing that Lloyd-George, author of the famous Budget, is the greatest power of the Liberal party, and will succeed Asquith if the Liberals win the election. The Times acquits Asquith of the responsibility of the demonstrations of violence, but says Lloyd-George is guilty of deliberate, inflaming the passions of the people and encouraging ruffianism. One man was killed and a number seriously injured in the crush around the tower hall of St. George's in the east end last night.

London, Jan. 8.—The Standard says Lord Ronaldshay, a member of parliament, was kidnaped last night from his friends after leaving a political meeting, which he addressed, and was forced to attend a meeting of Socialists. He was bombarded with questions for several hours and was on the verge of collapse when finally liberated. It is said prominent politicians will be prosecuted for participating in the kidnaping. This is the second indignity of the evening on Ronaldshay, his own meeting breaking up in disorder on account of rowdiness in the audience.

G. R. Broadfoot Now Constable.

Former Magistrate G. R. Broadfoot has qualified as a constable, and will serve papers during the rush season in the magistrates' courts. Mr. Broadfoot was defeated at the recent election by a close vote.

Vardaman Leads.

Jackson, Miss., Jan. 8.—The result of the ballot in the senatorial caucus last night was as follows: Vardaman, 71; Alexander, 24; Anderson, 21; Percy, 21; Kyle, 14; Byrd, 12; Critz, 5 Truly, 1; Longino, 1. Necessary to a choice, 86.

REVOLUTION PLANNED AGAINST GUATEMALA.

Mexico City, Jan. 8.—It is reported among Central Americans that a plot is afoot to begin a revolution in Guatemala. It is alleged General Toledo, who held Greytown a long time for Estrada, has been asked to take command of the army of the new Guatemalans will raise, and move against President Cabrera. The move may be put under way, it is said, as soon as it appears Estrada will win his fight in Nicaragua. The revolutionists expect the sympathy of Mexico, where Toledo formerly resided.

TELEPHONE SOLD TO UNKNOWN BUYER

HOME COMPANY'S RECEIVERSHIP IS ENDED, MANAGER SAYS.

Louisville, Ky., Jan. 8.—Judge Evans, in federal court, ordered the sale of the Paducah Home Telephone company and the Kentucky-Indiana Telephone and Telegraph company to satisfy creditors. J. D. Powers was appointed special commissioner and will appoint the time of the sales. The mortgage indebtedness of the Paducah company is \$250,000 and of the Owensboro company \$162,000.

This dispatch from Louisville appears to be belated, as Manager S. L. Take stated this morning that the receivership has been discharged and the property was sold. It did not go into the deal by which the American Telephone and Telegraph company secured control of the Independent combine, but Manager Take said he is not at liberty to say who bought the company.

HORSE THIEF GETS AWAY WITH FINE BLACK HORSE.

A telephone message was received by the police today from Lovelaceville asking them to look out for a black horse which was stolen from there last night. The horse is 16 hands high with a white star on his forehead and white on his nose. This led to numerous horse thefts near there in the past few months and the thief is believed to be headed toward Paducah.

EARTHQUAKE.

Rome, Jan. 8.—Two severe earthquake shocks with heavy damage at Gallena in Calabria, and of unusual duration, threw the inhabitants into a panic. It is feared there has been loss of life.

FIGHT IS LIVELY FOR PHYSICIAN

SEVERAL SUGGESTED TO DOCTOR THE COUNTY INDIGENT.

The fight for the appointment of county physician has begun already, and so far there are three candidates in the field. The election will not be held until the April session. Dr. L. E. Young, who is filing his second term, is a candidate for re-election and is considered as being a factor in the race. Dr. O. R. Kidd is mentioned as a candidate and also Dr. H. F. Williamson. All are young men, and before the election a real earnest fight is expected.

The job of poor house commissioner is vacant as the term of Magistrate F. F. Gholson has expired. The job pays only a small salary, and usually a magistrate is elected to fill the place.

CHILD SWALLOWS CARBOLIC ACID

SON OF GEORGE DOW OF SHARPE, MAY DIE FROM THE EFFECTS.

As the result of drinking carbolic acid, the one-year-old son of George Daws, who resides near Sharpe, may die. The child was playing in a room this morning and scrambled up into a chair and reached the bottle of acid, which was on a table. While he was playing with the bottle the acid got into his mouth. The family doctor called, and Dr. O. A. Edleman was called. He used a stomach pump on the boy, but his recovery is doubtful as the acid burned his throat and mouth severely.

Conference of Democrats.

Kansas City, Jan. 8.—Fifteen hundred Democrats were present from all parts of the state when Chairman H. W. Johnson called the Democratic state conference to order. Former Governor Dockery and James A. Reed were speakers this morning.

BURLEY SOCIETY PROBE IS COMING

ALSO DEATH OF HIRAM HEDGES WILL BE INVESTIGATED.

Covington, Ky., Jan. 8. (Special.)

Suit will be brought in a few days in the United States circuit court of Cincinnati to dissolve the Burley Tobacco society by the federal officials on the ground that it violates the Sherman anti-trust law. Witnesses will be brought from many states and efforts also will be made to show who killed Hiram Hedges and furnish a case for the Nicholas circuit court.

TWO INDICTMENTS AGAINST SMEDLEY SET FOR TUESDAY

Will be Tried in Circuit Court For Forging Lightfoot's Name.

Suit For Divorce Filed With Clerk Today.

ELIGIBILITY OF SUPERVISORS.

Two indictments, charging Hiram Smedley, former county court clerk, with forgery will be tried in circuit court next Wednesday. One of the indictments charges that he forged the name of Former County Judge R. T. Lightfoot to a county warrant for \$65 and passed it on J. O. Gardner, while the second indictment charges that he obtained \$25 by the same means.

Frank Campbell, colored, was given two years in the penitentiary on the charge of breaking into a store room. He broke into the store of Jim Bulger.

Joe Murray was given one month in the county jail on the charge of petit larceny. He stole a bundle of clothes from R. E. L. Moshell.

Pete Caporal was fined \$15 for a breach of peace.

The time of the grand jury was extended through next week.

C. C. Raper was excused as a petit juror and A. Burkhart was empaneled.

The following cases were set for next week: Alexander Travis, malicious cutting, and H. J. Filippo, Tuesday.

Suits Filed in Circuit Court.

Mrs. N. T. Chamberler filed suit for divorce from her husband, C. T. Chamberler. The couple was married December 1, 1886, and separated April, 1909. She alleges that he owns property to the value of \$3,000 and sues for \$1,500 as alimony. The couple resided near Marshall county.

Eligibility of Supervisors.

Since charges are made that George Emery is not eligible to act as city supervisor, and that Ed G. Boone, by reason of acting as county court clerk and supervisor at the same time, disqualified himself, suit is being prepared to test the question in the circuit court. Injunction proceedings will be filed Monday by City Solicitor Campbell with Mr. George McCandless as nominal plaintiff. The hearing probably will be Monday or Tuesday.

Bennett Gets First Blood.

In the case of J. B. Walmore against Green Bennett, the Seventh district magisterial contest, Bennett won in the circuit court this morning, but Walmore will appeal.

FEAR OF BLACKHANDERS IS FELT BY ITALIANS.

Chicago, Ill., Jan. 8.—A heavy police guard will march on either side of the hearse and mourners' carriage to the funeral tomorrow of Benedetto Cienna, the rich Italian, murdered by the black hand. They fear an attack on his son, liberated for one day from the penitentiary, where he is serving 25 years for manslaughter. Thousands will march, making it the biggest funeral Chicago's Italy ever saw. Fearing black handers will steal the body, the widow will place it in a steel vault.

HODGE STEMMERY WILL OPEN MONDAY

The Hodge Tobacco stemmery, at Ninth and Harrison streets, will open for business Monday with a force of about 250. This is one of the most complete tobacco warehouses in the state and was only recently completed. Mr. W. G. Hodge, of Henderson, will be in charge.

THE REV. WM. GROTHOR HAS FLATTERING CALL

The Rev. William Grothor, pastor of the German Lutheran church, received a call this morning to the St. Mark's English Lutheran church, Sheboygan, Wis. This is one of the largest Lutheran churches in the United States and Rev. Mr. Grothor feels justly proud of the honor conferred on him. At the regular business meeting of the Lutheran church tomorrow afternoon the congregation will act on his resignation. The Rev. William Grothor has pastored the Lutheran church in Paducah for about two years and during that time the church has been enlarged and beautified, membership greatly increased.

A Promise To Pay

Would you accept a stranger's note? No. Then why accept from a stranger any other promise to pay? A Fire Insurance policy is such a promise. Ought you to accept it without knowing all about the Company? Your usual business confidence is based on knowledge. Why make an exception in that part of your business which deals with insurance? A name is worth nothing on any kind of a promise to pay unless it is backed by character and resources.

We favor insurance knowledge, particularly about our companies. Their promises to pay have never gone to protest. Their obligations to its policy holders are backed with such a good reputation and such ample financial resources that the more you know about them the more you will want protection by their policies.

Why Cough

Ask your doctor if all coughs are necessary. If not, then why cough? Ask him about Ayer's Cherry Pectoral.

Stop coughing! Coughing rasps and tears. Stop it! Coughing prepares the throat and lungs for more trouble. Stop it! There is nothing so bad for a cough as coughing. Stop it! Ayer's Cherry Pectoral is a regular doctor's medicine for coughs and colds.

Two fast games were played last night as the opening night of the season of the city basketball league. The D. A. D. team was victorious over the High School five by a score of 13 to 7 after an exciting finish, while the Light and Power team won from the Indians 4 to 3.

A fair sized crowd was out and was surprised at the class of game that was put up for the first night. High school and the D. A. D. teams furnished a whirlwind. In the first half the score ended 5 to 3 in favor of the

fraternity lads. The second half proved exciting, as High school tied the score, but a few minutes later the D. A. D. forged ahead by tossing a field goal and several fouls. Sills' throwing fouls for High school and the corresponding good work of Bagby for the D. A. D.'s were features.

In the first half of the second game the score ended 1-0 in favor of the Indians. However, in the second half the L. and P. boys rang up four points and the Indians two, making the L. and P. boys winner.

The teams lined up: D. A. D.—W. Fisher, center; Elliott and Bagby, forwards; Terrell, Shelton, guards, High School—King, center; Brown, and Ogilvie, forwards; Sills, Hughes, Mitchell and Endriss, guards, Indians—Truheart, center; Reed and Rhodes, forwards; Hatfield and Engert, guards. L. and P.—Cox, center; Reburn and Simpson, forwards; Hedge and Shelton, guards. The officials were: Sights, referee; Lydon, umpire; Davis, timekeeper.

Next Tuesday night the D. A. D. team will have the C. C. and W. as opponents while the Elks and Knights of Columbus will fight it out. It is probable that the Paducah Athletic club will enter a team in the league.

RAILROAD NOTES

John Hollan, baseball fan and manager, hotel keeper and railroad, has rolled into Paducah again. Since the baseball season was killed by cold weather Hollan has been running the Southern hotel at Carbondale, Ill., but his lease has expired, and he "blew" into Paducah and is around his old haunts at the railroad yards. Temporarily Hollan is officiating as night round house clerk during the illness of Buchel McGregory, the regular clerk. Hollan says Paducah looks good to him.

Pinis Field, foreman of the wrecking crew, has been removed to his home, Tenth and Adams streets, and is improving steadily now.

U. H. Clarke, division storekeeper, has gone to Chicago on business.

The snow covered ground makes it anything but pleasant for the switchmen and railroad employees, who are compelled to be on the outside. A job on the inside near a stove is at a premium.

Marshall Jones, private secretary, in the master mechanic's office, left this morning for Calvert City to spend the days in the wilds of Marshall county hunting game.

Pay day will come on Saturday this month, as notices were received announcing the arrival of the pay car on January 15. The car will arrive from East Cairo at 7:30 o'clock, and in the morning the night employees will receive the cash, while in the afternoon the day men will be paid. The pay car will be welcomed this month by the railroaders, as Christmas presents exhausted their finances.

Harry Kelley, the popular machinist, is ill of a severe cold and is at the hospital, but will be out in a few days.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. It invigorates the entire system and strengthens the kidneys, so they eliminate the impurities from the blood. Backache, rheumatism, kidney and bladder trouble, are all cured by this great medicine, as long as it is used.

FIRST COUPLE

RATHER OVERCOMES THE NEW COUNTY JUDGE.

He Said It Was the Most Embarrassing Experience of His Life.

Well seasoned by fights in the political arena, and accustomed to face any kind of audience, but County Judge Alben W. Barkley wilted yesterday afternoon and his seconds were on the point of tossing up the sponge when he performed his first marriage ceremony. The new county judge could not restrain his embarrassment and said he was not half as frightened when he took the oath of office, as when he pronounced Miss Flora Conner and John Manley man and wife yesterday.

Nearly five days of his term had elapsed and Judge Barkley had not married a couple. Yesterday afternoon the people appeared at the court house just after the adjournment of fiscal court, and the county clerk's office was crowded with spectators. Judge Barkley stood erect, and smiling and told the couple to join hands with all ease. Then words failed him, and he resorted to the legal formula and cut it short. After he regained his poise Judge Barkley turned and said, "Boys you have it on me this time."

The bride was just sixteen years old, and resides on South Third street, but had permission from her parents for the wedding. The groom is 23 years old, and a young farmer.

News of Theatres

AT THE KENTUCKY.

Tonight—"The Girl From Rector's."

Monday—Trixie Friganza in George Cohan's "The American Idea."

Saturday matinee and night—"East Lynne."

The road season of "The Girl from Rector's," which will be seen here tonight, will cover a period of only six months.

George M. Cohan's 1909 offering is "The American Idea," which comes to the Kentucky theater for one performance only, on Monday evening, January 10.

Mr. Cohan announces his new piece to be a "Musical Frivolity" which aims to run the entire gamut of musical comedy resources in three hours. To accomplish this Mr. Cohan has written and composed at top speed. It is his boast that "The American Idea" is the fastest pen piece he has ever written, and that the action requires players who can do a hundred yards in ten seconds.

Trixie Friganza, in Geo. M. Cohan's Big Musical Success, "The American Idea," at the Kentucky Monday night.

better. The cast is headed by Trixie Friganza, a strongly featured comedienne, well known to theatergoers. With her are associated such old favorites as Arthur Lippon, Raymond Playay, Mark Hart, Tony Hart, Richard Taber, Hugh Mack, Dan Day, R. L. McAndrews, Rose King, Beatrice Whitford, Myrtle Gilbert, Bessie Friganza, Edith Ross and Lola Hill. The chorus numbers seventy-five singers and dancers, the piece being above all devoted to music and movement. The song numbers are numerous, including "Sullivan," "J-A-M-E," "You Long From Long Acre Square," "They Always Follow Me" and "My Garden That Blooms for You." In all there are twenty musical numbers in "The American Idea." The costuming is said to be the most lavish of the season, and altogether the production, if we may believe Cohan and Harris, is the most expensive that they have ever put on the road. The story of the piece is located in Paris, and the three scenes show Parisian pleasure places known to all travelers. Everything shown from scenery to costumes was ordered from Paris in order to give faithful local color. The motif of the piece is satire of international marriages, and Mr. Cohan takes great liberties in his own original fashion with French aristocracy and American millionaires, and their daughters.

"East Lynne" is almost half a century old, yet people are as vividly stirred by it now as those of the Civil war time were and as the ones in the next fifty years will be. Joseph King, who produced "The Ninety and Nine," the great rural play that ran for six months at the Academy of Music, New York, will

present this wonderful play at the Kentucky theater Saturday, matinee and night, January 15.

Simple Remedy for LaGrippe. LaGrippe coughs are dangerous, as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough, but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package Gilbert's drug store.

The Week In Society.

A CREED.

To be earnest; to be strong;
To make light with song;
Slow to anger; quick to praise;
Walking steadfast through the days,
Firm of purpose, sure of soul,
Pressing onward to the goal,
Upright, even, undismayed,
Sure, serene and unafraid.

To be patient; to be kind;
To be purposeful, and find
Sweetness all along the way;
Loath to judge, but firm to say
Truth with unrelenting tongue;
By no evil veered or swung
From the right; and to endure
Hopeful, helpful, clean, and pure.

To be gentle; to forgive;
True to life and glad to live;
To be watchful and to be
Rich with boundless charity;
To be humble in success,
Strong of heart in bitterness,
Tender, gracious, thoughtful, good
In our man-and-womanhood.

To be smiling; to be glad
For the yesterdays we've had;
To be grateful all the way
For the beauties of today;
To be hopeful and to see
In the days that are to be,
Bigger, better, broader things,
Roses of purple, crowns of kings.

Grace Church Parish Supper.

The annual Parish Supper for the congregation of Grace Episcopal church will take place on Thursday evening at 6:30 o'clock at the parish house. An attractive and informal entertainment will follow the supper. The members of the congregation are invited to be present. These annual parish suppers are enjoyably informal social occasions always eagerly anticipated from year to year.

Allen-Boulware Wedding on Tuesday

The marriage of Miss Irene Allen and Mr. John Philip Boulware will take place on Tuesday afternoon at 4 o'clock at the home of the bride's mother, Mrs. Mary O. Allen, 514 North Fourth street. It will be a quiet home event with only relatives and intimate friends present. The Rev. Grant T. Sullivan, of the Broadway Methodist church, will pronounce the ceremony. The couple will leave at 6:15 o'clock on a wedding journey.

Miss Allen belongs to an old and prominent family. Her grandfather, Mr. William Lang, was one of the pioneer citizens of Paducah, coming from Virginia. Her father, the late Mr. William Allen, was for years a leading citizen. She is a pretty and winsome girl of gracious manner and attractive personality and has a wide circle of friends here.

Mr. Boulware is a man of much popularity. He has been connected with the George Rock shoe firm for a number of years and is a capable man with a large business and social acquaintance. He has made his home in Paducah for eight years coming from Hopkinsville. He is a brother of Mr. Logan Boulware, of Paducah.

Salt Lake Wedding of Interest Here

The Salt Lake Tribune makes the following notice of a recent wedding in that city that has decided interest in Paducah where the bride has made her home since a child and in her social and newspaper life has won for herself a circle of friends that touches almost every home in Paducah:

"At the home of Mrs. Clinton B. Leigh, 123 U street, at 4 o'clock Tuesday afternoon W. Eugene Traubner, city editor of The Tribune, and Miss Ora V. Leigh, were

united in marriage. The Rev. J. H. Talbott, superintendent of the Methodist Missions in Utah, officiating, the minister reading the Episcopal ring service. The wedding was a quiet one, only the relations and about 25 intimate friends of the contracting parties being present. The pretty home of Mrs. Leigh was decorated in Christmas greens. The bride was becomingly gowned in an olive green tailored suit with chiffon waist of the same shade. Her hat was green with a touch of old rose. Miss Lorena Leary played the wedding march from Lohengrin for the bridal procession. Mrs. Leigh served a beautifully appointed luncheon after the ceremony. The table had a center-piece of pink carnations attractively arranged. The newly-married couple received a number of handsome and useful presents any many telegrams of congratulations. The couple left for a brief trip north and on their return will be at home to their friends at the Halls hotel."

Missionary Tea.

The Woman's Auxiliary of Grace Episcopal church had its Missionary Tea for January on Friday afternoon in the parlor of the parish house. Melanesia, one of the South Sea Islands was discussed in a most interesting way. Mrs. William Brainard gave an introductory account of the island and its status previous to the introduction of Christianity. Mrs. Clarence Milam told of the coming of Bishop Patterson and Selwyn and their work in the island. Mrs. Joseph Gardner gave a comprehensive summary of the result of Christianity at the present day. Mrs. David Cady Wright was the hostess for the afternoon.

Dance at Elks' Home.

Between forty and fifty couples spent an enjoyable evening last night as guests of the Elks at a dance given at the club house on North Fifth street. Excellent music was furnished by a colored orchestra. Delightful refreshments were served during the evening. The series of dances given during the winter by the Elks have been delightful social events and last evening's affair was a promising augury for 1910.

Trials of the Chaperon.

Miss Mary Snodgrass, who has been a cheerful and tireless chaperon for her young friends for the past five years, wishes to give notice that she will no longer serve. She has sustained her health by staying out nights when she should have been in bed, has never received any pay and has been compelled to give more wedding presents than any one else in town. In addition, parents abused her for staying at parties so late, and her charges called her a crank for going home so early. Those who obtained partners for life while under her care abuse her for their disappointments, and those who are still single and growing old talk of the men they might have had if it had not been for her mean interference. For five years Miss Snodgrass has been constantly in society, but she has led a dog's life and has resolved to quit.—From the Atchison Globe.

Police Court Docket This Morning Was Not Long—Small Offenses.

When Lizzie Long, a colored washerwoman, living on North Eighth street, went to police court yesterday morning as a witness she didn't suspect there was a warrant for her arrest on a charge of petit larceny. After she testified the court informed her of the warrant and she was locked up in jail. This morning she was held over to the circuit court grand jury and her bail was fixed at \$100. She is accused of stealing a pair of lace curtains belonging to John Medley.

A NEW YEAR SONG.

When the year is new, my dear,
When the year is new,
Let us make a promise here,
Little I and you.
Not to fall a-quarreling
Over every tiny thing,
But sing and smile, smile and sing,
All the glad year through.

As the year goes by, my dear,
As the year goes by,
Let us keep our sky swept clear,
Little you and I.
Sweep up every cloudy scowl,
Every little thunder-growl,
And live and laugh, laugh and live,
Neath a cloudless sky.

When the year is old, my dear,
When the year is old,
Let us never doubt or fear,
Though the days grow cold.
Loving thoughts are always warm;
Merry hearts know ne'er a storm,
Come ice and snow, so love's dear glow
Turn all our gray to gold.

To Make a Million By Marriage.

In Winchell Smith's comedy of American life, "The Fortune Hunter" the hero Nat Duncan, a debonaire young ne'er-do-well, is taken in hand after a series of failures by a college chum who is getting on rapidly in the world. This chum guarantees to show him how to make a million dollars if he will follow certain rules to be laid down by him. He leads up to the rules by declaring that the bright and attractive young men leave the country towns, but the majority of the girls of prosperous families remain with only the "rubes" and "jays" to pick husbands from, with the result that a well-groomed, fascinating city man who settles down and gets acquainted can practically pick his bride among the wealthy girls of the place. Here are the rules for making a million by marriage:

"Move to a little dull town.

"Dress very plainly and very elegantly. Don't drink, don't smoke and don't swear.

"Go to church. Board with an old widow if you can find one.

"Have many serious books and a large Bible on your table where every one can see them. Let the widow see you studying all the time.

"Don't laugh, don't smile. Don't pay any attention to young women; get a job; work hard.

"In every little town there is at least one girl worth a million.

"You'll marry her.

"I don't ask you to propose to her for her money. That would be dishonorable.

"Live as I tell you and she'll propose to you; then you accept her and marry her and give me back the \$500 that I am going to lend you, and pay me \$1,000 more."

What happens is the play.—Chicago Record-Herald.

Daily Thought.

Little things are little things, but faithfulness in little things is something great.—St. Augustine.

We hereby solemnly admit that there is a Pinchot-Ballinger controversy.

We have enjoyed an old fashioned winter; now we shall enjoy an old fashioned thaw.

It is a source of no small pride to observe the value placed upon a residence in Kentucky by those the night riders drove out.

The bill of Senator Smith, of Barren, to abolish the racing commission, will please those legislators who voted for it, thinking it would be unconstitutional. The decision of the court of appeals upholding it, puts the matter in a different light to some of them.

OFF WITH THE OLD, ON WITH THE NEW

County Judge Alben W. Barkley is making a good start, and prospects are that he will have the support of an intelligent and loyal fiscal court. For this latter aid he may thank The Evening Sun. The judge's recommendations, as published in full in The Evening Sun yesterday, indicate a thorough grasp of the county business and an intimate acquaintance with the public needs. If the court is to carry out his suggestions about an investigation of county institutions, we urge upon it the advisability of making an immediate and thorough investigation of the county almshouse. Conditions there shown by the report of Mrs. Crane to the state board of health, and conduct out there more recently brought to light, suggest a lack of proper management, to say the least. If the present management is allowed to continue to the end of the term without such an investigation, it may be necessary to reveal some unpleasant facts, that will reflect quite as much on those responsible for allowing him to remain as on the management itself. We understand that, since complaint has been made, an employee guilty of the most atrocious indecency, has been discharged; but that is not sufficient.

FROM ALDERMAN HANNAN'S SCRAP BOOK.

The public, and especially that portion of Democratic faith, is finding cause for considerable wonder over the action of President Ed. Hannan in appointing on the finance committee two Republicans and one Democrat from the aldermanic board. Mr. Hannan was elected as alderman on the Democratic ticket, but his every official act has been favorable to those of opposite political faith.—News-Democrat, January 31, 1909.

As an illustration of his (President Hannan's) fairness, there were only two Republican members on the last board of aldermen, and they with one Democrat, were appointed members of every important committee, so they would be unable to say they had been slighted in the least.—News-Democrat, January 8, 1910.

So much for the fairness and honesty with which the News-Democrat approaches any subject which touches it vitally. When that first criticism was written the publishers of the News-Democrat were of the opinion that the finance committee had something to do with depositing the city sinking fund. They afterward learned to their regret that it was Alderman Hannan himself who had somewhat to do with it.

Now, it serves the turn of one of their intimates to prove that the Republican aldermen, who compose half the upper board, did very wrong in insisting that their Democratic colleagues divide up with them. Perhaps, the News-Democrat publishers had forgotten—they are so forgetful—but we suspect Alderman Hannan of keeping a scrap book. That is why the Republican aldermen thought it discreet to stand on their rights, and save President Hannan the humiliation of either doing something or provoking further abuse from his organ.

THE TRUMP HAND.

Most of the common games of skill, two are important to consider: how many you hold, and who has the lead. You cannot overlook the challenge that found in every paragraph of this morning's report of yesterday's aldermanic session, as said, "has succeeded in tying the Mayor Smith for one year, at least,

and probably two." This comes on top of the threat of a Democratic alderman that, if there was a Republican chairman of the finance committee, President Foreman, of the board of councilmen, would appoint three partisan Democrats, tie up the committee and block all the administration's policies. President Foreman has had since last Monday in which to name his committees, and has not yet done so. This is what they call "playing politics."

It might be well to go back to the shuffling and the deal to understand the situation. Every Republican candidate for alderman was elected at the last election and a majority of the Republican candidates for councilmen, and all but one of these Republican aldermen were re-elected to the general council, thus showing that the people were satisfied with the Republican administration, and gave heed to The Evening Sun's appeal for a general council in sympathy with the administration. How necessary this was is proven by the News-Democrat's threats. These Republicans compose half the board of aldermen. They have just as much right to the offices and committees as the four Democrats, who might or might not have been re-elected had they gone before the people last fall. The administration being Republican, the Republican aldermen desired a Republican chairman of the finance committee more than they did the presidency of the board. President Hannan had never appointed a Republican chairman of that committee. So the Republicans proposed an exchange of courtesies, and it was accepted to by the Democratic aldermen. Is there anything in that, at which the Democrats could take umbrage?

The only Democrat, who could possibly feel aggrieved would be Chairman Lackey of the finance committee, who has made an excellent chairman; but there was nothing personal in the matter, and we would be greatly disappointed in our estimate of Alderman Lackey's calibre if he should let personal pique mar a public record so meritorious thus far, and so full of promise. As for the threat of the News-Democrat and its pig-brained political allies that they will "play politics" and interfere with every plan for the welfare of the city, in the name of the good citizens of Paducah The Evening Sun takes up the challenge and defies them to try it. Is it a thing so rare as to merit a boast, that Democratic officials have for two years had sufficient regard for their oaths of office that they aided a Republican mayor in benefiting the city? Is it such a remarkable boon conferred upon a Republican administration that they did not "play politics" and block all its plans for the public weal? Did the councilmen promise their constituents that as soon as they entered office they would set about preventing the use of public funds for public works and the best management of municipal affairs, in order to spite their political enemies? Or did they promise that they would co-operate in good works? If they promised to do their duty, will they do it, or are they dishonest, as the News-Democrat would have them to be? We don't believe we have enough of that kind of men in the general council to interfere with the city's welfare.

As far as keeping hands off politics is concerned, in the appointment of the seven or eight officers, which lies within the authority of the general council, every Republican was made to walk the plank, including men recommended by Democratic executive boards for their faithfulness. Mayor Smith has the appointment of some sixty officers, and nearly all of them are Democrats, reappointed by a Republican board. Let the Democratic legislative department go to the deck again and match that, before they talk about "playing politics." That is a handful of trumps in this game.

Now—if the general council blocks legislation, and President Foreman arbitrarily refuses to appoint his committees in order to dominate them for partisan purposes, they will not injure the Republican aldermen, but they will injure the city and mar the administration of Mayor Smith to a certain extent. We have approved Mayor Smith's conduct in following a non-partisan merit system in his appointments; but if the suggestion of the News-Democrat is carried out and the general council undertakes to "play politics" in the name of the Democratic party; then, in the name of the good people of Paducah, The Evening Sun will call upon Mayor Smith to lead back trumps and discharge every Democrat, who now holds office under the executive department of the city.

The people of Paducah are watching the conduct of the general council. As President Hannan remarked at the final session of the last board of aldermen, more was done in 1908 in Paducah than in any one preceding year, and the general council claimed its fair share of the glory. It will bear the blame if this year does not match last year. These same councilmen and aldermen will be up for re-election next year, and the people will be called upon to cast out the unfaithful. In another year candidates for mayor will be nominated, and the people will not elevate to the executive chair, a man, who proved himself too small for a councilman or alderman.

SENATOR EATON'S MEASURE

Frankfort, Ky., Jan. 8.—It was agreed that when the house adjourns it be to meet again Monday at noon.

The annual report of the Covington and Cincinnati Bridge company was received and filed.

Senator Conn Linn, of Calloway county, introduced a bill which proposes to increase the salary of circuit judges \$1,200 a year, but which requires them to serve as special judge without the extra \$8 a day that they receive under the present law. The bill applies to all circuit judges except in districts containing cities of the first and second class.

Senator Eaton, of McCracken, introduced a bill to prevent bribery in elections and to enforce Section 1517, Constitution. Requires a candidate to swear that he has not and will not use any money, liquor or other valuable thing to influence or secure his election. It applies to primary elections also.

State Forestry.

Provided the bill introduced in the senate today by Senator C. M. Thompson, of Paris, is enacted into law, Kentucky will have a state board of forestry and reserve, consisting of seven members, the governor, director of the Kentucky experiment station and a state forester, to be appointed by the governor and affirmed by the senate, and four citizens, to be appointed by the governor and the appointments confirmed by the senate. Of the four citizens who first become members of the board, two shall be appointed for two years, the bill provides, and two for four years. All appointments thereafter will be made for four years. The bill carries with it an appropriation of \$20,000 a year.

Other Provisions of Bill.

In this bill it is argued that the state is in dire need of a board such as the one proposed. The governor and director of the Kentucky Experiment station are to be ex-officio members of the proposed board. The bill provides that the state forester, to be appointed by the governor with the approval of the senate, shall furnish bond of \$20,000. He shall have the power to purchase suitable forestry reserve.

The board, under the provisions of the bill, shall have the power to employ a secretary at \$1,500 a year, and a civil engineer and survey when needed. The bill further provides for the appointment of forest wardens.

The four citizens to be named as members of the proposed board, under the provisions of the bill, are to receive \$5 a day for every meeting of the board they attend, not to exceed \$100 a year.

SALOON IS CLOSED TIGHT UNTIL LICENSE GRANTED.

Upon orders from Mayor Smith the saloon of J. L. Jones, 1937 Burnett street, was closed last night until the proprietor makes proper application before the general council and posts notices for a period of 10 days in front of his property. Since the general council granted 74 licenses this week it developed that J. L. Jones was keeping open and had not applied for a license. The application will be considered week after next and in the meantime the place will be under lock and key.

Stock and 4% Convertible Bonds American Telephone and Telegraph Company

This Company is both a holding and an operating company. It owns the majority of stock in, and exercises virtual control of about 40 associated Bell Telephone Companies in the United States and Canada as well as the Western Electric Company, the largest manufacturers of telephone instruments and equipment in the world. As an operating company The American Telephone & Telegraph Company owns and directly operates the long distance and toll lines connecting all the systems of the associated operating companies.

Good Collateral With Banks and Trust Companies

This stock has paid 8% dividends for the past 3 years. In no single year, during the past 27, has the dividend been less than 7%. Aside from this, the Company's policy is to issue new stock to its stockholders at par—a feature promising even greater future value than in the past. Banks and Trust Companies in leading centers are thoroughly familiar with both the Stock and 4% Convertible Bonds. A ready collateral is thus provided. Being listed on the Stock Exchanges of Chicago, New York, Boston and Philadelphia, a convenient and broad market is afforded buyers and sellers. We recommend these securities for investment, and solicit purchasing orders. Equal attention given small and larger orders.

R. W. WALKER CO.

CHIEF FORESTER

(Continued from Page One.)

Messrs. Price and Shaw by reprinting them, and that your recommendation would be that no further punishment was required, and this before that recommendation was submitted to the secretary and me, whose power and duty it was to determine, upon Price's admissions as to his complicity, what action should be taken with respect to his resignation.

"In order to understand the full purport of your letter, in which you admit the complicity of Price and Shaw in the publications of the press it should be said that the gravamen of the Glavis charges was that Secretary Ballinger and the other officers were all affected by a corrupt wish to patent thirty-three so-called Cunningham claims upon coal lands in Alaska; that the question whether these claims were fraudulent or not remained to be decided upon the evidence after both the United States and the claimants had been heard; that every patent, as an executive act, is completely within the jurisdiction of the president to direct the withholding of it, in order that he himself may examine the evidence as to the validity of the claim.

Insult to President.

"These facts understood, the plain intimations in your letter are, first, that I had reached a wrong conclusion as to the good faith of Secretary Ballinger and the officers of the land office, although you and your subordinates had only seen the evidence of Glavis, the accuser, and had never seen or read the evidence of those accused or the records that they disclosed which were submitted to me; and, second, that under these circumstances, without the exploitation by Messrs. Shaw and Price in the daily, weekly and monthly press of the charges of Glavis, the administration, including the president and the officers of the interior department and land office, would have allowed certain fraudulent claims to be patented on coal lands in Alaska, although the matter had been specifically brought to the attention of the president by Glavis' charges.

"You solicited the opportunity to make such a declaration in congress for the purpose of offsetting, if possible, in the public mind the president's decision in the Glavis case, supported by the opinion of the attorney general, after a full examination by both of the evidence adduced by the accuser and the evidence in behalf of the accused, while the latter evidence you and your subordinates had never seen.

"You did this against the advice of the secretary of agriculture, without notifying him that you intended to do so, and without conferring with me at all.

Destroyed Own Usefulness.

"Your letter was in effect an improper appeal to congress and the public to excuse in advance the guilt of your subordinates before I could act against my decision in the Glavis case before the whole evidence on which it was based could be considered.

"I should be glad to regard what has happened only as a personal reflection, so that I could pass it over and take no official cognizance of it. But other and higher considerations must govern me. When the people of the United States elected me president, they placed me in an office of the highest dignity and charged me with the duty of maintaining that dignity and proper respect for the office on the part of my subordinates. Moreover, if I were to pass over this matter in silence, it would be most demoralizing to the discipline of the executive branch of the government.

"By your own conduct you have destroyed your usefulness as a helpful subordinate of the government, and it therefore now becomes my duty to direct the secretary of agriculture to remove you from your office as the forester. Very sincerely yours,

"WILLIAM H. TAFT."

"Hon. Gifford Pinchot, Forester."

SON OF NIGHT WATCHMAN KILLS TWO SAFE ROBBERS

Tallahassee, Fla., Jan. 8.—Paul Sauls, seventeen years old, son of the night watchman, "subbing" for his father, discovered two yegsmen "soaping" the safe last night, and killed both with two shots. The boy was slightly wounded by the robbers before he returned their fire.

Married Him to Save Him.

Denver, Jan. 8.—Frederick Gobel is dying of a bullet wound inflicted by a posse this morning. HENDERSON MANAGER THINKS SHOW IS O. K.

Carney and Goodman, managers of the Kentucky theater, received the following telegram from John Dee Collins, manager of the Park theater, Henderson, concerning "The Girl From Rector's": Absolutely O. K. You can guarantee it."

Mayor Smith will have police in the auditorium to stop the show, if anything vulgar or indecent is perpetrated.

The Owensboro Inquirer says:

The Girl From Rector's as presented in Owensboro Thursday night seems to have created various impressions. Those who went expecting the extreme in vulgarity say that it "might have been worse." Those who went without knowing what they were in for, insist that "it should have been better." The staging and costuming were above the average and the roles were in most instances exceptionally well handled, but the dialogue, the suggestive hints, the drunken leers, the direction always taken by masculine eyes on the stage, the fact that each player had his or her illegal affinity, and the final departure in couples for the various rooms of a road house, were rather too suggestive for the modest or the believer in the rights of women and children at opera houses.

The Messenger said:

"The Girl From Rector's" filled the bill at the Grand last night. In more ways than one. The company was one of unusual merit, and deserved a better audience than was present. If, however, the audience was limited in number, it was assuredly unlimited and unrestrained in its applause.

The fact that this show has received a great deal of adverse criticism throughout the country on account of it being "racy," was the cause of keeping many theater lovers from attending, but the show, viewed from a moral standpoint, was not one whit worse than many shows which escape altogether the criticism of press and public.

It is safe to make the assertion that those who attended the show were not shocked as much as they expected to be, and those who were not expecting anything unusually shocking to be presented, were thoroughly satisfied and were appreciative auditors.

The body of John McCann, who died in El Paso this week, is expected to arrive early next Tuesday morning, and it will be taken to the residence of his mother, Mrs. Sallie McCann, and brother, W. H. McCann, 1121 Madison street, until the funeral and burial. His brother, R. B. McCann, and son, Dorris McCann, of St. Louis, will arrive tonight to remain until the funeral.

EIGHTEEN GOOD REASONS FOR STEALING THE COAL.

Anderson, Ind., Jan. 8.—Mrs. Maggie Stroud, mother of eighteen children, was bound over to the circuit court, charged with stealing coal from the railway cars to keep the family from freezing this arctic weather. She says her family is so large, her husband is unable to provide, and she was trying to help keep the coal bills down.

The Human Mole.

New York, Jan. 8.—Police believe Isaac Finklestein, "Human Mole," had confederated in attempt to rob the jewelry store via the tunnel. Workmen digging in search of the confederate's body, which an anonymous letter says he found in the tunnel. Finklestein's body was found late last night, eleven feet below the surface. A trail pipe box lined the narrow tunnel and collapsed about him.

Refugees in Peril.

San Antonio, Jan. 8.—A jury in the federal court found Jose Rangel guilty of violating the neutrality laws by participating in the battle of Las Vacas in 1906, when a number of Mexicans were killed by revolutionists. Judge Maxey will pronounce sentence in a few days. The Political Refugees' League will appeal in an effort to get Rangel from going to prison or to Mexico.

In Scrapitoria.

Surrounded by an admiring circle of reporters and sporting men, the two noted pugilists were completing the arrangements for their decisive contest.

"There's one more detail," said one of the prospective contestants. "When is the fight to take place?"

The other pondered a moment. "How would the year 1924 do?" he asked finally.

"No," replied his future antagonist, with a frown. "That's too far off—the public wouldn't stand for it."

Better make it 1919.

"All right," was the answer. "We can easily postpone it, I suppose, if we care to."

"Of course," responded the other carelessly.

Then the meeting broke up, and the reporters hurried away, so that the "extras" might be gotten out promptly.—January Lippincott's.

S.S.S. CURES
CHRONIC ULCERS

There is nothing that causes more worry and discomfort than a chronic, festering ulcer. As it lingers, slowly eating into the tissues and surrounding flesh, and by its tendency to grow worse in every way, it suggests the possibility of being cancerous in its nature. Efforts to heal the ulcer by means of salves, washes, lotions, etc., always result in failure, because such treatment can have no possible effect on the blood where the impurities and morbid matters form, and are carried through the circulation to the place, to keep it open, irritated and diseased. The impurities in the blood must be removed before the healing process can begin. S.S.S. goes to the fountain-head of the trouble, and drives out the germ-producing poisons and morbid impurities which keep the ulcer open. Then as this rich, purified blood is carried to the diseased place the healing commences, the inflammation gradually leaves, the discharge ceases, new tissue and healthy flesh are formed, and soon the sore is permanently cured because the source has been destroyed. S.S.S. does not make a surface cure, but by supplying the blood with healthful, tissue-building properties it begins at the bottom and causes the flesh at the diseased spot to firmly and permanently knit together, and the place is left sound and well. IN COMMITTEE OF
WHOLE LAST NIGHT

GENERAL COUNCIL MEETS WITH
MAYOR SMITH.

Considers Several Public Projects,
Including City Extension
Proposition.

SPECIAL ASSESSMENT BONDS.

Councilmen and aldermen of Paducah, who met as a committee of the whole last night in response to Mayor James P. Smith's call, were given until next Monday night to inform themselves on two important propositions, which all cities of the Second class in the state will submit before the state legislature this year. One was the matter of presenting a bill for the immunity of all cities from lawsuits and the other was the advisability of asking for the right to float street and sewer bonds, giving property owners ten years in which to pay for street and sewerage improvements.

Mayor Smith's object in the meeting was to obtain the views of the two bodies along these lines, while other subjects discussed were the commission form of government for cities of the Second class and the question of empowering the mayor to remove appointive officers, such as members of the police and fire commission and the board of public works. As to the extension of the city limits there was considerable discussion, but no action was taken upon any of the matters.

The mayors of all Second class cities in the state will meet at Frankfort, January 12, at which each of the four cities, Lexington, Newport, Covington and Paducah, will have representatives to push these matters before the legislature with a view of securing bills for the changes.

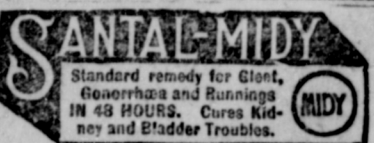

As the members were not sufficiently posted upon any of the subjects they will have until Monday to inform themselves sufficiently to give an opinion as to whether Paducah should co-operate with the other cities in asking for the new laws. City Solicitor James Campbell expressed himself on each matter upon suggestion of Mayor Smith, who presided over the meeting.

Immunity From Suits.

It is the idea to have Paducah made immune from any kind of a lawsuit, but placing it upon the same basis as the county. No suit can be brought against McCracken county and the change is deemed highly important. Should anyone wish to recover damages from the city for any reason under a new act, mandamus proceedings would have to be submitted to the general council and the claim presented. If the council thought it proper to pay the claim it would be done while on the other hand it could be refused. In speaking of the change, Mr. Campbell said Paducah has been exceedingly fortunate in the way of suits. He said in five years he believes the city's loss in suits do not exceed \$5,000. The highest loss was a judgment of \$2,000 against Paducah, which Mr. Campbell succeeded in compromising for \$1,800.

The Bond Issue.

A second important step which the mayor believes should be taken is to ask the legislature for a law giving the city power to float bonds for street and sewer improvements. The present system of collecting estimates is to give them to the contractors, who are sometimes delayed several months after they complete their work in receiving their pay. When bids are advertised for very few contractors bid and the city hasn't the advantage of many competitive bidders, which would result in the cost being diminished considerably. The proposed plan is for a law, giving the city the privilege of floating special assessment bonds for improvements. The bonds would be floated after estimates are made out by the city engineer and turned over to the city. The contractors would send in bids and the successful bidder would receive the bonds.

COLONIAL HOTEL

A delightful place to spend your vacation is at the Colonial Hotel, West Baden Springs, Indiana.

Most every one knows of the marvelous cures at West Baden and French Lick Springs mineral waters, where thousands have been cured. The Medical Staff of the Colonial Hotel Laboratories have extracted the minerals from the water of Sal-Lithia Springs at West Baden, to be taken at home which reproduces the West Baden and French Lick treatment.

We want everyone who is troubled with their stomach, liver and bowels, which means indigestion, dyspepsia, biliousness, sour stomach, inactive liver, jaundice and had complexion, headaches, melancholy, nervousness, insomnia, female weakness and general debility and very often affects the heart, to come to the Colonial Hotel or write us and we will send them a sample of Concentrated Sal-Lithia Free. Sal-Lithia keeps the stomach healthy and makes the liver and bowels act and by so doing none of the above diseases will trouble you.

Present the Bride
With an Unusual
Gift of Silver

The bride will appreciate a wedding gift of silver that is not duplicated. It may be a dainty piece of tableware for her boudoir, a blotter, seal, paper cutter, card case, or any of a dozen little articles of good taste which she will always use with delight.

I am showing now an unusual line of standard pieces and novelties in Sterling silver and silver plates.

You will enjoy looking them over and, I am sure, quickly solve the problem of what to give the bride to please her most.

You will find my prices surprisingly low for the fine quality of the goods.

ceive his money when due. Then the property owners would be given ten years in which they should make 20 semi-annual payments. Should a street or sewer improvement in front of their property amount to \$100 they would be compelled to pay only \$10 per year for 10 years. By the present method many property owners cannot pay for the work, resulting in their property being sold to satisfy the claims. It is an unnecessary hardship and the new law, it is thought, will be drafted at request.

Commission Government.

As to the commission form of government, this matter will not be included in the requests before the legislature this year. Many members are unfamiliar with the government, while the city solicitor said it has proven a success in many cities and has become popular in the last few years throughout the United States.

Alderman Potter spoke against the new government. Mr. Campbell said he would recommend that Des Moines, Iowa, be written to and asked to send a charter here for the members of the council to look over. Des Moines and Davenport, Iowa, are under this form of government. Memphis, Tenn., has adopted it. Other cities are Galveston and Houston, Tex., and Los Angeles, Cal. Mr. Campbell spoke favorably of this plan and told how Galveston has made a great success of the new government, which has been in vogue several years.

City Limits.

As to the extension of the city limits to take in all of the most densely inhabited rural sections, Mr. Campbell said this could be done by ordinance, but must go before the legislature. As to whether it will require a constitutional amendment he was uncertain. However, the ordinance may be asked for soon and a vote taken. If 75 per cent of the people taken in desire to become annexed to the city the court will declare the extension.

CITY ORDINANCES

WILL BE COMPILED WITHIN
NINETY DAYS.

Councilmen Anxious to Have Result
of Work Started in 1936.

Attorney E. H. Puryear was today notified by the city that he would be given 90 more days in which to complete his work of compiling city ordinances into book form. Failure on his part will result in his bond being forfeited and the contract being let to some one else. His bondsman was given notice of the action also.

The contract for the work was let in March, 1936, and no limit was given, although Mr. Puryear hoped to have the work finished by the fall of that year. His price was \$700 and already between \$250 and \$300 have been paid him. The city cannot refer to any of her laws and is greatly handicapped as a result.

CATLETT.

APPOINTED TO PRESS ASSOCIATION
COMMITTEE.

President Underwood Selects Delegates to National Meeting—Poet Laureate.

Hopkinsville, Ky., Jan. 8.—Judge E. Barry, of the Benton Tribune, who has sold his newspaper and will remove from Kentucky to Texas, where he will reside in the future, has resigned his position as a member of the executive committee of the Kentucky Press Association. President T. C. Underwood, of this city, announces the appointment of Senator Joshua R. Catlett, of Princeton, as Judge Barry's successor. The new committeeman is editor of the Caldwell County Leader, and an influential member of the association. He is state senator from the Fourth district, which includes Caldwell, Crittenden and Webster counties.

The president of the association also announces the appointment of the following delegates from Kentucky to the National Editorial association, which will meet next month in New Orleans, and go thence to Panama: R. R. Perry and Miss Goldie Perry, of Winchester; the Hon. Leslie C. Littrell, of Owensboro; Urey Woodson, of Owensboro; John S. Lawrence, of Cadiz; B. B. Cozine, of Shelbyville; Paul M. Moore, of Barlingham; Harry A. Summers, of Elizabethtown; William Remington, of Paris, and Desha Breckinridge, of Lexington. Mr. Perry, who is Kentucky's member of the executive committee of the National association, will furnish credentials to those who notify him of their intention to attend the meeting at New Orleans.

Edward A. Jonas, of Louisville, has been appointed poet laureate of the Kentucky Press association, and the conferring of the distinction will meet with general approbation, as Mr. Jonas is one of the most popular members and a "bright and shining light" in the literary sessions. He succeeds Lew B. Brown, who has removed to St. Petersburg, Fla. Mr. Brown came all the way from the Land of Flowers to the Estill meeting to present the annual poem, and his immediate predecessor was Col. Tim Needham, of Williamstown, whose dialect poem, "We Don't Drink Nothin' But Water," was the hit of the Grayson Springs annual meeting.

Haywood in Usual Mood.

Lynn, Mass., Jan. 8.—William D. Haywood, former secretary of the Western Federation of Miners, in a speech here declared that Roosevelt is the sort of man who would shoot a Spaniard in the back and then write a book about it. He described Governor Draper as a "pink and white governor," like some former executives of Idaho. He lacked nerve and left the state during the crisis of the Ludlow strike, making the lieutenant governor stand the brunt of the investigation into the strike.

Grandmothers and Grandfathers Who Believe in Pe-ru-na.

"I CAN recommend Peru-na as a good medicine for chronic catarrh of the stomach and bowels. I have been troubled with it severely for over a year, and also a cough.

"Now my cough is all gone, and all the distressing symptoms of catarrh of the stomach and bowels have disappeared. I will recommend it to all as a rare remedy."—Mrs. F. E. Little, Tolono, Ill.

"I HAD catarrh of the stomach, bowels and lower internal organs. Had a great deal of pain in my right hip, which felt like rheumatism. Also, pain in my internal organs. The water was highly colored, my back was weak, was constipated, and very restless.

"I commenced to take Peru-na according to directions, and began to improve. I have taken ten bottles of Peru-na and think I am cured."—Mr. W. C. Hemphill, Louisville, Miss.

"Following your instructions and taking your Peru-na and Manalin I am cured of catarrh.

"I had catarrh for twelve years and quite a bad cough so I could not sleep nights. I do not have any cough now. If I feel anything in the throat I take a swallow of Peru-na and I am all right."—Mr. W. D. Smith, Sr., 240 Forest St., Port Huron, Mich.

FOUNTAIN AVENUE
CULVERT MATTER

SETTLED BY CITY INSTEAD OF PROPERTY OWNERS PAYING.

Board of Aldermen Concur in Action of the Board of the Councilmen.

REPORT OF CITY TREASURER.

The question as to who would bear the expense of the concrete culvert on Seventeenth street, improved, was settled yesterday afternoon by the board of aldermen when reconsideration was given its original action. It was agreed to concur in the councilmen's action in having City Engineer Washington make out estimates for the cost of the street improvement minus the cost of the culvert, against the property owners. This relieves the burden from the property owners, who recently complained of the extra expense. Nearly all work in securing dedications for street intersection has been finished. The culvert will cost between \$1,200 and \$1,500.

All applications for saloon licenses were unanimously granted. The total number of liquor houses are 74, nine of which are quart houses.

New Business.
City Solicitor James Campbell, Jr., together with the ordinance committee was instructed to draft an ordinance, changing the time of meetings of both the lower and upper boards, and also to provide for the separate meetings halls. All this must be adopted as a law.

On Alderman Lackey's motion the joint finance committee was empowered to select a committee clerk and fix his salary. The committee clerk will act at all meetings of the different committees of both boards. Heretofore the license inspector has been handling the minutes but a distinction must be made.

The ordinance committee was instructed to bring in a bill amending the ordinance providing for the salary of the trimmer of the city electric plant. It was Alderman Potter's motion that the salary be increased from \$40 to \$60 per month.

A communication from Wharfmaster Brown was referred to the board of public works. He gave his collections for 1909 at \$562.29 and recommended the use of cinders in place of rock of the levee.

Finances.
City Treasurer Walters submitted his annual report of collections and disbursements for 1909. He handed in a statement showing that there was now a balance of \$64,338.90 in the city treasury with no outstanding indebtedness. The itemized report for the past year is as follows: Collections—balance first of year, \$42.19; property tax, 1908, \$16,816.21; penalties for 1908, \$355.79; poll tax, 1908, \$55.65; back taxes collected by treasurer, \$888.01; back taxes collected by solicitor and collector, \$1,435.48; property tax 1909, \$164,641.17; penalties for 1909, \$459.01; poll tax for 1909, \$2,268; street department, \$101.93; license, \$70,166.01; license (market rental), \$4,835.85; engineer's department, \$90.25; fines and forfeitures from city court, \$7,429.37; city scales, \$779.75; mayor's collections, \$304.70; Oak Grove real estate, \$1,468; Oak Grove burial permits, \$947; Riverside hospital, \$6,555.21; city ponds, \$34; rentals city property, \$838.25; Sundry treasurer, \$1,579.88; rent from fire department, \$75; making a grand total of collection of \$282,267.72 for the year.

Miscellaneous.
The monthly reports of the chief of police and city meat, milk and live stock inspector were received and filed.

On recommendation of the board of supervisors Mrs. T. C. Leech was refunded \$18.15.

A communication from Smith & Davis, representing the Indiana & Ohio Live Stock Insurance company, asking for a reduction in the annual license, was referred to the license committee.

To the ordinance committee was referred a letter from E. W. Mammen, promoter of a furniture factory, asking for exemption from taxation. An ordinance covering this will be brought in.

Ordinances were ordered for the grading and graveling of two streets—Flournoy between Twelfth and Fourteenth, and Fourteenth between Burnett street and the new city cemetery.

A communication from the finance committee in regard to allowing saloons to open at old stands without previously posting notices, was adopted.

The ordinance committee recommended that the contract for the disposal of dead animals be awarded Cal Wagner on condition that J. L. Galtner withdraws his bid. This was concurred in.

A letter from Theodore Coster asking for a refund in taxes was referred to the supervisors.

B. F. James was refunded \$12. A refund in poll tax was granted J. W. Sellers, of Rivercoats, New Mexico.

Before the board adjourned President Hannan appointed Aldermen Lackey and Hank to act with himself in conjunction with the committee from the council in arranging for the change in the meeting night of both boards.

This was the first session of the board since organization was effected yesterday morning. Members present at the meeting were: Hannan, Stewart, VanMeter, Potter, Hank, Lackey and Oehlschlager. Alderman Farley was absent.

JOHN W. DAVIS IS ACCEPTED FOR ARTILLERY.

Son of W. R. Davis, of Illinois Central Shop Force, Enlists.

John W. Davis, 19 years old, son of W. R. Davis, a machinist at the Illinois Central railroad shops, was last night accepted by Captain George W. Kirkpatrick, of Evansville, at the local recruiting station, and left today for Jefferson Barracks, St. Louis. He chose coast artillery service and will be assigned from the barracks on his arrival. The young man had been employed at the shops as a machinist helper and will make a model soldier. Captain Kirkpatrick returned today to Evansville.

Before leaving Captain Kirkpatrick gave instructions to Sergeant C. A. Blake to map out trips for Sergeant Joseph Kresky, who will leave next week on his second jaunt to hunt for recruits. The first three trips will be to Hopkinsville, Princeton and Metropolis, Ill. The schedule has not been completed, but will be ready by the time he visits those three towns. He will probably be kept away from the local station three months until further orders are received.

Hanberry Lacks Flesh.
All that Herbert D. Hanberry, of Cadiz, Ky., lacked to become a soldier in the United States army was just six pounds of flesh. He is now trying the anti-lean method and eating as he never at before.

Hanberry, who is the son of Max Hanberry, a prominent attorney of Cadiz, applied at the local recruiting station in charge of Sergeants Blake and Kresky, Wednesday. He was accompanied by his father and also a recommendation that resembled a petition. The recommendation bore the signatures of every county official of Trigg county and several attorneys, who vouched for the young man's character and honesty.

He tipped the scales six pounds short, but otherwise passed the ex-

Prominent Railroader Tells What Quaker Has Done For Him

Mr. J. C. Cummings is an employee of the Illinois Central railroad shops in this city. For over five years he has been a sufferer from catarrh of the stomach. After eating or drinking he would almost invariably be seized with a bloating sensation and severe pains in the stomach. At times these distressing pains would become so bad that he found it necessary to quit work and on several occasions he lost as much as two to three weeks from his work. During that time he used nearly every remedy he could find, and had some of the best attention, but never received more than a little temporary relief, following which his condition would become worse than before. He was certainly in a pitiable condition when he first called at McPherson's drug store, Fourth and Broadway. On the advice he purchased a treatment of Quaker Extract and Oil of Balm. Saturday he called to tell of the wonderful benefit he has received from the use of these famous remedies.

Mr. Cummings lives at 800 Kentucky avenue, and will answer all questions pertaining to his case. If you suffer from catarrh, rheumatism, kidney, liver, stomach or blood troubles, call at McPherson's drug store, corner Fourth and Broadway, and he will tell you how the Quaker Herb Extract will cure you in a few weeks. If you are so unfortunate as to be suffering with a tape worm.

Reductions in all lines. Some prices cut in half.

Men's, Boys' and Children's Suits, Pants, Overcoats and Cravanettes

From start to finish, our big Fire Sale of Damaged Wholesale Clothing Stock has been the marvel of our patrons and the despair of other clothiers. But, remarkable as has been our success, it did not clean up the immense stock which had to be sold—FOUR FLOORS FULL OF THE FINEST CLOTHES IN THE LAND! We're at the last ditch now, however, and simply MUST clean up. In two short weeks we will have exhausted the last resource for holding off delivery of our spring wholesale stocks from our New York factory and the new goods will pour in on us in an overwhelming stream. That's why we have determined to make these two weeks the most notable in Paducah's clothing history. That's why the balance of the goods will be buried in a perfect avalanche of sacrifice. You know the former low prices; then read THESE! They will ASTOUND you! This is your last chance.

River Forecast.

The river at Paducah will rise slowly during the next 12 hours.

River and Weather.

Gage at 7 a. m. read 6 feet, indicating a rise of four-tenths of a foot since yesterday morning. Weather clear and cold and business dull.

Mariners' Gossip.
The Condor departed this morning for Joppa with a tow of ties brought in by the W. T. Hardison last night. The Hardison will return to the Tennessee river after another tow.

From Metropolis the George Cowling arrived with a light trip. The Bettie Owen is running between here and Brookport today.

Both the Dick Fowler and Ohio have given up hopes of navigating in an ice filled river. They are tied up below the wharfbank.

The river at Livingston Point is said to be frozen over as far as it can be seen.

The Kentucky is receiving freight at the wharfbank and departs about 7 o'clock this evening for Riverport, Ala. She returns next Thursday.

Harry Robinson, clerk on the Kentucky, returned last night from a two weeks' visit in Birdsville and reported for duty today.

The Clyde is due Monday from Waterloo, Ala. She makes a return trip next Wednesday.

Ice is still coming down the river in immense sheets. A blockade here is not feared, however.

Little business is going on at the wharfbank. Al Rittenhouse called at the office today and was welcomed as a visitor.

Rivermen express themselves that a big rise is coming within the next two months. Snow and ice all along the Ohio will swell the stream when it begins to melt and steamboatmen should have no fear of low water.

For the first time in five years the Mississippi river at St. Louis froze solidly from bank to bank yesterday afternoon. While the ice would probably have supported the weight of a man walking across, none was hardy enough to attempt it yesterday. With a continuation of the cold weather today, however, there will

be no danger in walking across, according to old rivermen.—St. Louis Globe-Democrat.

Capt. Pell, assistant superintendent of the canal, said last night that by next Monday he expects to see at least ten feet of water in the canal. Capt. Pell said that the rise will force out the gorge that is between here and Cincinnati and that it is likely that river property will suffer some damage. However, the forty pieces of water craft that are tied up in the canal are out of danger. The river will continue to rise here and the gorge above Louisville is due to break Sunday. Wharfmaster Dugan kept a force of men busy clearing the snow off the levee so that teams could make their way to the coal floes. The towboats Fulton and Transit were busy keeping the channel clear of ice. Among the tow boats en route down the river with loads of coal are: Boaz, ten barges; Henry Lourey, twelve barges; Voyage, ten barges, and Charles

Clark, eight barges. A number of the craft mentioned above have a few coal boats in their tows. There will be very little coal to come from the Kanawha district, as the river has been frozen over.—Courier Journal, Louisville.

A Pittsburgh special says: At 8 o'clock last night it was estimated that there was not less than 5,000,000 bushels of coal floating down the Ohio river behind the ice, all within 100 miles of Pittsburgh. All danger of a flood at Pittsburgh at this time passed with last night, though there were several times during the night when ice gorged dangerously in the Allegheny river above Pittsburgh. Though watchfulness by the river men, also a small army sent out by Pittsburgh, the gorges were all quickly started out. There is yet about 300 miles of ice-bound Allegheny river above Pittsburgh and the ice which remains firm from a point 25 miles above the city, is reported as very hard and thick. It may make

trouble in the future, but not at this time. The fleets now going down the Ohio are keeping, for the most part, a little behind the heavy ice, and as last night's weather was clear until very late good time was made. The water on the Pittsburgh wharf had dropped to 11 feet last evening. It is expected that the rise will stay in the rivers for at least one week, allowing the towboats, which have been on their way up with empties, to get in.

Coal Thefts Reported.

The police are looking for a thief who has been operating at the Central Coal and Iron company's yards, at Ninth and Campbell streets. Mr. Gardner Gilbert, in charge of the local office, told the police that many bushels of coal are missing and asked the department's aid in apprehending the thief. Several petty coal thefts have been reported since the cold spell began and many residents have found their coal bins short of fuel.

Big Oil Deal.

Huntington, W. Va., Jan. 8.—It is reported that a gigantic deal is just consummated, whereby the Standard Oil company takes over the holdings of the United Fuel company, of Pittsburgh, the Columbia Gas company, of Cincinnati, and the Ohio Fuel and Supply company, of Cleveland, controlling nearly all the gas and oil interests in West Virginia. The consideration is said to run into the billions.

Magistrates Make Inspection.

Today the county magistrates made an inspection of the court house and jail, so as to become familiar with the condition of the county's property. In a short while an inspection of the county almshouse will be made. The court this afternoon convened, signed the minutes and adjourned until the regular February meeting.
